A signature for the story. The signature affixed by Luca Valdesi last night on a tile that will be embedded in the new "Walk of Champions", on the waterfront Canape' of Gioiosa Marea. The international award, aimed at athletes who have reached the age of 28 years, who have distinguished themselves for their sporting achievements, both individual and team, and for their personality, is awarded annually, based on the judgment of the "Walk of fame" association, which names the winner from a list of nominations.

In 2014, the honor of the "Walk of Fame" goes to champions who have given and continue to give luster to our country: **Luke Waldensians** (world champion in karate), **Annarita Sidoti** (world champion gear),

**Tony Cairolì**

(motocross world champion) and

**Gianluca Basile**

(basketball, Olympic silver medalist and champion of Europe with the Italian national team).
